WORK EXPERIENCE

SOFTWARE ENGINEER

- MAY 2021 - FEB 2022
- MEDISCRIBE PVT LTD

'**Mediscribe**' provides online medical transcription services to healthcare organizations and individuals. During my tenure, I was involved in several key projects under an agile environment.

Mediscribe Mobile Application – Involved in the development of a cross-platform (Android/ iOS) mobile application utilizing the Flutter framework.

Internal Complaint Management System – Involved in the development of a web application for the Mediscribe Internal Complaint Management System. The system allowed employees to raise tickets to the relevant department and the management of tickets by the complaint management team. The development utilized React, Node/Express, and MongoDB

Mediscribe Web Application – Feature addition, improvement, and maintenance of the company web application.

ASSOCIATE SOFTWARE ENGINEER

- SEPT 2020 - OCT 2020
- SPERA-LABS

National Child Protection Authority – Involved in the development of a cross-platform (Android/ iOS) mobile application utilizing the Flutter framework

SOFTWARE DEVELOPER (INTERN)

- FEB 2020 - AUG 2020
- CENTRE FOR RESEARCH AND DEVELOPMENT

Election Complaint Management System – Involved in the development of a android application using java.
